Welcome to Foreverbot: How It Works

1. HOW TO ACCESS COMMANDS

In any channel where Foreverbot is present,
simply press the slash key (/) on your keyboard.

Discord displays the interactive command menu.
Click any command or keep typing its name.

Every command has auto-completing options so you
never have to guess arguments or syntax.

Works seamlessly on both Desktop and Mobile!

2. LIVE FLOATING AUTOCOMPLETE

Commands like /item feature real-time narrowing:

Type common acronyms:
- 'tf' -> Thunderfury
- 'hoj' -> Hand of Justice
- 'fap' -> Free Action Potion
- 'mcp' -> Manual Crowd Pummeler

Typo-tolerant matching:
- 'thudner' -> Thunderfury
- 'dall rend' -> Dal'Rend's Arms

Pick from the dropdown for instant guaranteed stats!

3. NATURAL LANGUAGE SEARCH

You never need strict database terminology.

Type questions naturally:
- /dungeons where is thanes?
- /vendor who sells free action potion?
- /gather best circuit for dreamfoil

If you ever don't know which command to use,
simply type /ask with any question and the
built-in AI assistant will answer immediately!
